

Chambers Plan Employee Benefits has your business interests at heart.

It's simple, stable and smart and protects you, your employees and your business. One-person firms, home-based businesses and even farms - Chambers Plan covers them all.

We've got you covered across the board.

Chambers Plan offers services to firms in over 800 chambers of commerce and boards of trade across the country as an exclusive membership benefit. A chamber or board of trade membership also helps you:

- Learn new ways to promote your company
- Gain new business prospects
- Increase your business visibility
- Save with exclusive discounts and rates for products and services

Chambers of Commerce Group Insurance Plan®

Desjardins Insurance and Sutton Special Risk/Lloyd's are the primary insurers.
Desjardins Insurance refers to Desjardins Financial Security Life Assurance Company

Real benefits for your business.

 **Chambers Plan**
Employee Benefits

Simple.

Simple to use, but strong on features, Chambers Plan takes care of your employees while you do what you know best - run your business. That's why more than 32,000 business owners choose Chambers Plan.

Spend less time managing your benefit program with exclusive advisor support, quick set-up, and easy-to-use forms. And *my-benefits*[®] online administration lets you manage your Plan simply and efficiently.

For employees, *my-benefits* provides easy access to their Plan information, booklets, drug cards and claims usage. Employees can make online claim submissions with 48-hour claim processing and direct deposits into their bank accounts - they can even see when they're eligible for their next check-up!

Chambers Plan guarantees your firm can renew coverage as long as you pay your premium and maintain your chamber membership. It's just another reason why Chambers Plan is different.

Stable.

When you're busy growing your business, you don't need any surprises. With features that keep premiums manageable and predictable, Chambers Plan provides stability year after year.

Chambers Plan is a not-for-profit program, so any surpluses stay in the program to help control premiums.

In a pooled plan, premiums are based on the average of claims across all participants. When claims are bundled together with thousands of similar firms in a pool, the process allows premiums to remain predictable, providing stability year after year.

Chambers Plan's 10-year-average for renewals is under 5%.

Smart.

Next to salary, benefit coverage is the most important feature for attracting and keeping talented employees.

And claims coverage is just the start. Chambers Plan includes free access to top medical specialists with Teladoc Medical Experts, and Teladoc myStrength offers app-based support for managing stress, depression, sleep quality, and more. Extended Health options include Teladoc Telemedicine Services 24/7 anywhere in Canada and the US, and Mental Health Navigator for an expert opinion regarding a mental health diagnosis or treatment.

my-benefits health[®], our wellness platform, has the tools and resources your employees need to stay healthy and productive.

Add an optional Chambers Plan Health Spending Account or a Lifestyle Spending Account and you add flexibility to your benefits program.

And there's support for your business, too. Chambers Plan includes Business Assistance Service for professional accounting, counselling, legal and human resource support, as well as The Healthy Business Bookmark, an online resource for all your business needs.
